

Portal Press

The MP-190 model portal style press is the optimal choice for lower volume and lower cost shell and cupping production systems requiring either straight-thru or zig-zag material feeding. Ideal applications include shells/ends and shallow drawn cups/can for beverage, food, or general line cans.

MP1-90

	US TONNAGE	BED WIDTH	STROKE OF SLIDE	SPEED
MP1-90 Shell Press	100 @ .06 in off bottom	75.6 x 28 in 1,920 x 710 mm	2.95 in 75 mm	250 SPM
