

AUTOMATIC PRODUCTION

gives you maximum press efficiency, less handling

Minster O.B.I.'s ranging from 12 to 110 tons capacity give superior performance on automatic production because of close bearing clearances, heavy, rigid frames, precise gib fitting and fast controlled action of the Minster clutch and brake.

Minster Feed Equipped O.B.I. Presses

Costs decline rapidly when stampings are produced automatically. Speeds are higher, parts more accurate, presses run at top efficiency.

Automatic production . . . long or short run . . . is *most* profitable when done on a Minster press because every Minster press has the inherent precision and stability needed for this type of work.

Minster can provide the right press equipped with job-matched feed to assure you of maximum productivity and savings.
